

# **Department of Microbiology**

## **Short Introduction with Brief History of the Department :**

The teaching of Microbiology in the honours graduate level was introduced in the J.K.College,Purulia in the year 2002.Since its inception ,our target is to turn this established department as one of the best department in Sidho Kanho Birsha University, which previously was under University of Burdwan.

Microbiology is one of the most modern branches of science and technology. Considering its importance, steps to expand the area of teaching this subject has been taken in different states, particularly in West Bengal. College authorities, the teaching and non-teaching staffs have been trying ceaselessly to give a good look both internal and external to this microbiology department.

Students here are regularly enjoying the advantage of different teaching aids like audio-visual ones, projector, computers etc. Departmental student seminars are organized here but we think we need more resources, as this subject is growing day by day, in fact we want to develop in our student a love for microbiology. To match the growing demand of this important subject , we use to provide the students new updated books, study material from internet, modern lab equipments, group project work, mushroom cultivation, industrial tour, poster presentation in regular basis.

- **Forthcoming Events of the Department :**
