Reunion 2023

It is a really a matter of pride, that every year, our department has been organizing the “REUNION” program. The entire stakeholders cherish this coveted programme in the context of festivity. The broader perspective of the gala event is to cement the relationship between past and present student. We believe from the core of our heart that the department is not only what we inherited from our predecessors but also borrowed from our successors. Therefore the event is of utmost importance for our departmental stakeholders particularly student fraternity.

Dept of Geology: J. K. College, Purulia

Reunion 2023

On this day ex-students assembled to revisit their old campus & department and to cherish their nostalgic moments with fellow alumni. These have been a day long affair with multifaceted activities. The Principal **Dr.Santanu Chattopadhyay** opened the wall magazine **"BASUDHA"** which is reflectance of constructive creativity of the departmental students, this year the theme is **"Rock cycle"** and released departmental magazine **"SPHATIK"**. Thereafter a cultural program was conducted with lots of fun . Also there was a interesting quiz session for seniors and juniors. After all this there was e discussion between present and ex students on scope in reaserach, career and cementiing relation between alumni & current students.
