

STUDENTS REPRESENTATION ON VARIOUS BODIES OF J. K. COLLEGE, PURULIA

Since 2017 Students' Election was stopped in all UG Colleges in West Bengal by the state Government order. However, for better cohesion, participation of students in administrative, academic and co-curricular activities and proper functioning of the college, a body of students is formed every year comprising the nominated students from the 2nd to 5th semester UG and 2nd Semester PG and some nominated from the NSS and NCC volunteers. The college is run with the help of a number of committees and sub-committees. Students are included in the general body, IQAC, and various other committees like (1) Common Room (2) Welfare (3) Culture (4) Science Club (5) Games and Sports (6) Magazine. The nominated class representatives disseminate information from College administration to all students for proper communication and better participation of all learners in various programmes conducted in the college. The students help the college authority in grievance redressal of the students as well. In different meetings the student representatives place the demands of the students – academic, career-oriented, freeship, book bank for poor students and so on. The students' body plays an active role in maintaining and promoting harmony, brotherhood and discipline in the campus. It comes in support of the management in its adherence to the policy decisions of the College in respect of attendance, basic norms for appearing in different College and University examinations. It extends full cooperation in planning, organizing and executing various student-oriented activities like seminars/webinars, workshops and conferences. It actively supports also in extension activities of the college inside and outside the college, including in the adopted villages. The students on their own organize programmes like Freshers' Welcome, Blood Donation camp, Teachers' Day celebration, cultural competitions, Exhibitions, Annual Social Function, Annual Exhibition, Saraswati puja, Publication of 'Palash', the Students' Magazine, Annual Sports etc. The Students' body always functions in consultation with and guidance of the Principal as well as teachers of different departments.
