

ALUMNI ACTIVITY: 2022-2023

The college has a registered Alumni Association, which has been extending its support in various aspects of the development of the college. Two meetings of the Alumni Association were conducted on March 20, 2023, and April 7, 2023. In its first meeting, the association discussed in detail how they could contribute to organising the closing ceremony of the 75th year of the college foundation (July 22, 2023). It was unanimously decided that July 22, 2023, will be celebrated as Alumni Day. The members of the association were requested to nominate the names of two distinguished alumni. In the other meeting, it was unanimously decided that (1) the President of the Association, Swami Nirbananandaji Maharaj, who is a renowned doctor by profession and a social worker of Ramakrishna order by choice, and (2) Mr. Budhia, the founder of Roti Bank and a well-known social worker of this region, would be felicitated on that occasion. The association requested that the college prepare two videos on the work of these distinguished individuals, which would be screened on Alumni Day.

This year, the Department of Chemistry has started a new venture in association with its rich alumni. The alumni of this department who are at present doing research in reputed institutions have participated and given valuable lectures in the “In-house Symposium” organised by the department.
